Elementary Sinhala has two-semester program sequence. The course emphasizes the individual learning styles and preferences. All the aspects of language: speaking, reading,
writing and listening would be given equal consideration. Using essentially a communicative-interactive teaching methodology, supplemented with appropriate grammatical details, the students are, systematically and incrementally introduced to materials that enable them to acquire cultural and linguistic literacy about Sri Lanka. At the end of the program, students are expected to have complete mastery over the Sinhala script, so they can read and write Sinhala efficiently. They are expected to be able to carry on basic conversation in Sinhala with native speakers, displaying a fair command of the contextually appropriate linguistic articulations of different speech acts in Sinhala.

8) ATTENDANCE:
Because this is an intensive course, attendance is crucial. Missing one day of class is equivalent to missing an entire week during the academic year. If any student misses two or more classes during the course without a genuine or unavoidable reason, then he/she will lose 2 points for each of the missed classes. Five bonus points will be added to the points obtained in the final exam for the perfect attendance. Please schedule your departures so as not to conflict with the final exam dates. If you have a legitimate reason which requires an earlier departure before the scheduled exam dates, you must first make your request with the SASLI Director.

9) COURSE CALENDAR:
The calendar is tentative, but follows the main textbook and it may be changed according to the needs of the class and students.
10) CLASS FORMAT:
In order to achieve the goals mentioned above, the communicative approach will be highly emphasized throughout the entire course. The first two hours of the morning session lecture are devoted to new topics through step-by-step grammar instruction (based on the textbook with necessary vocabulary) and classroom activities. From time to time, video/movie clips will be shown, and you will be given relevant questions to answer. The class will also watch/listen, learn and sing-along to some film songs.

In the second session, the daily discussion session will be a follow-up of the first two hours with a stronger emphasis on the communicative approach. The use of English will decrease as the class progresses. Students will be expected to take an active role in the class under the instructor’s supervision. Students will form groups (2-4) and engage in different types of classroom activities with the aid of a vocabulary list. The instructor will give short topics for conversations or students may also come up with their own topics.

Students will be regularly updated on their progress and areas of weakness through the homework corrections, weekly quizzes and the midterm exam. Students who need extra assistance are strongly encouraged to attend office hours.

Students are encouraged to actively participate in the classroom by volunteering to write on the blackboard so that they may overcome hesitation in the new language and help/correct one another with spelling, structure and grammar. Please keep in mind that participation makes up 10% of the final grade.
